29-13

November 8, 1919.

Mr. E. A. Wedgwood,
Walker Bank Bldg.,
Salt Lake City, Utah.

Dear Mr. Wedgwood:

I am sending with this enclosure, two copies of that portion of the transcript taken during the hearing beginning October 8th, last, at Provo.

I do not deem it advantageous to make any interpretative remarks about the matter. It seems to me that the transcript itself relating to the business is sufficient. However, I have underscored what appears to me to be the language that clearly fixes what was the real meat of the matter, and which establishes the fact that the system of prorating used by the commissioner during 1919 is agreed to by everybody, and was to be adopted in the terms of the decree.

Very respectfully,

Calvin Tanner
